NAWCC Chapter 31

# TIMEOUT

June , 2010

## *President's Message*

Wow! We just got through with the PNW Regional in Spokane and I repeatedly heard the same comment. "My chapter doesn't offer any workshops, classes or field suitcase courses." Now, this isn't the case for Chapter 31. Mike Robinson has presented several workshops this last year and I am thankful and excited to see the participation at these events.

What I would like to see happen this next year is to get the word out. Get the word out about chapter 31 and the fantastic friendships available as well as the passing on of the fantastic amount of knowledge of horology that our chapter has.

One way I would like to get the word out is through you! Tell the people that you met about Chapter 31.

A second way is to use the media, by way of cable access. There are free classes available via cable access to film and produce your own programs that will be broadcast over your local cable access company (your tax dollars at work).

These programs could range from the history of clocks/watches with examples, the care of your clock/case, what not to do with your clock. The range is limitless!

Besides having these programs on the cable access channel, a copy can go to the national as well.

I am hoping that with the addition of the programs to cable access that our chapter will come out of the shadows and be in the spotlight more and make the PNW Regional 2011 to be held in Portland a greater success by reaching out to the public more.

I will speak more about this at the next meeting, June 20<sup>th</sup> at the Beaverton Library.

Please join us!

Mary Gonzalez, President, Chapter 31

### *Timely Quote*

"Time is the coin of your life. It is the only coin you have, and only you can determine how it will be spent. Be careful lest you let other people spend it for you."
