Presidential Message

The holidays are over and it's back to the grind once more, just as soon as the decorations are put to bed for the year.

The holiday party meeting in December was wonderful and we had a great turnout! I want to thank Leo and Kris for all of their hard work in planning and also want to thank Merry and Rod Lloyd for their wonderful entertainment.

Reminders for all!

- 1) The wooden works workshop on Jan. 8th at the Monarch.
- 2) I want to remind everyone of the January meeting at the Beaverton Library with a Herschede Clock Program that will be presented.
- 3) The Pasadena Regional is coming up soon the first week in February. Jeff and I have enjoyed this regional in the past as well as the other points of interest in the area.
- 4) It's time to renew your chapter membership and is still only \$15.00 per year!
- 5) It's not too early to send in your registration for the PNW Regional in May at the Monarch that is hosted by Chapter 31.

And now I close this message with a quote from T. S. Eliot-

The years between fifty and seventy are the hardest. You are always being asked to do things, and yet you are not decrepit enough to turn them down.

Mary Gonzalez

President

Mark your calendars:

Chapter 53 is pleased to announce that we have firmed up the dates and location for the Multi-Chapter meeting this Spring.

Dates: March 26 & 27, 2011 Saturday evening program and Sunday Mart plus program lunch etc.

Watch for Registration details, Mart info, and program details coming soon

Thanks

Dennis A. Armstrong, Secretary Chapter 53 daa3@msn.com

A Convention of the National Association of Watch and Clock Collectors

February 4 & 5, 2011

Welcome to the Greater Los Angeles Regional. We are recovering from a great turnout in 2010, and are getting ready for the 2011 Regional ~ one of the largest in the country. The Regional occupies much of The Pasadena Center with over 500 tables full of horological items, 1,600 participants, 4 outstanding seminars, chapter meetings, a special display of clocks to be announced ~ you name it, it is bound to be here! (Click here to see the 2007 Huell Howser GLAR video to see for yourself.)

Ask anybody ~ this is an event you won't want to miss. Use the links on the left for more information on our events and seminars, as well as information on how to contact the hotels in the area. Pasadena is a world-renowned antique Mecca. Within a couple of blocks of The Pasadena Center are numerous antique stores, great restaurants, shops, art galleries, book stores, movie theatres and playhouses.

And don't forget, table reservations, attendee reservations and hotel reservations have been selling like hot cakes since we got this web site going, so come on and register online to insure yourself the best watch and clock collecting time you'll have all year!

HELP WANTED

I have an English tall case clock about 1812-1835, that was my grandfathers. He died 50 years ago. It is in a nice mahogany case. The lower door is badly twisted and I have no idea how to correct it. The dial is hand painted with mirror image cottage spandrels. I have serviced the movement and it runs fine, 8 day time and strike. The strike is a little moody and the moon dial does not turn. In fact I see no mechanism to advance the moon dial. The

moon wheel appears to have 120 teeth. The calendar wheel is driven from a pin on the striking snail but advances the calendar hand backwards. There is no indication of the maker on the movement but the dial was made by Walker & Hughes hence the 1812-1835.

My grandfather died when I was seven. Two years later I asked my mother what happened to his three Grandfather clocks. She told me they had been given to the grand children. I then asked her "where is mine". She said it went to Auntie Florrie. Next time we visited Auntie Florrie, I blurted out

"you have my clock". Many years later when I got Married, Auntie Florrie announced I could have my clock.

If anyone has expertise in moon and calendar works or has some written information how the moon mechanics work, or has ideas how to correct the twisted door, please email me at

REGIONAL PLANNING MEETING

The January 2011 Regional Planning Meeting will be held at 1:00 PM Sunday January 16th at the Beaverton Library. Following the planning meeting will be our regular 3rd Sunday Chapter 31 meeting.

See you there!

Terry White,

2011 Regional Chair

Secretary's Notebook

We did have a meeting last month, but because it was informal there are no minutes.

Please note there is to be a luncheon meeting at The Monarch on Sunday the 20th of February. We will have registration flyers available at the January meeting. The times will be 2:00 pm Mart - 2:30 pm meeting.

I have created an NAWCC31 Facebook page. It is the perfect place to upload photos of our events, our favorite clocks and watches and to chat with each other on club, clock or watch subjects. Please check it out and become a friend.

CLUB EVENTS

Date	Time	Description
Jan 16, 2011	2pm Mart 2:30 Meeting	<p>Monthly Meeting, Beaverton Library 12375 SW 5th St, Beaverton, OR 97055</p> <p>Herschede clocks by Dan Usher and Tami Ramirez. This event should be a no miss! Dan and Tami will be sharing with the audience the Herschede Research project, the House of Herschede and the Herschede Program. This is the first time that the information will be heard outside of the Herschede family regarding the Rise and Fall of the Herschede Hall Clock Company. It will be the truthful historical account of what we thought would be lost history. The talk will also include the undisclosed plans for the Future Herschede Museum that is contemplated in the City of Roses Portland, Oregon. This will be a premier event and attendees are encouraged to visit herschedehallclocks.com to learn more about it.</p> <p>Members are welcome to bring their Herschede clocks (or pictures) for Show & Tell following the presentation to share your personal story about your clock. Pictures are acceptable especially for the tall clocks.</p> <p style="text-align: center;">Dan IATI</p>
