March 2007

News Below from National

It's That Time Already?

Be sure to spring ahead at 2:00 a.m. on Sunday, March 11.

Daylight Saving Time changed with the 2005 Energy Bill. Not only do we spring forward earlier but we don't fall back until November 4. Arizona, parts of Indiana and others who once watched us change our timepieces without participating are now required to spring ahead and fall back like everyone else.

Daylight Saving Time is a great time to host a house party to share your collection to friends and encourage membership in the NAWCC. Perhaps the local media will find renewed interest in your latest restoration project.

When changing your clocks, remember to slowly advance the hands and allow your clock to chime at each interval. Never move a mechanical clock backwards.

Don't forget to adjust your sundials.

From the Programs Chair

For the March program we are going to try something that I do not think has been done before. We are going to have a Grand Show and Tell. Everyone is to bring a favorite collectable from his or her collection and show it to the rest of the group and discuss it to some small extent like we normally do in conjunction with our meetings. The big difference is that there is no limitation as to what item to bring. If your favorite item is tools (like Tom Hammond) or if it is antique pencil sharpeners (like Al Pohlpetter) BRING IT and we will enjoy hearing about it. Oh yes and if your interest is some particular clock then please bring it too. This should be fun and while it is an experiment on my part I will be very interested in the acceptance by the group. Remember that to make this work *everybody* brings an item and will discuss it with the group.

The April meeting will be a program from National entitled "The Clocks of Chauncey Jerome" by Chris Bailey. This program was given at the 1984 ESR and is while not technically perfect by today's standards considered to be among the very best in content.

May is the Regional in Spokane so there will be no chapter program.

I will be working the June program soon.

See you all then,

Dick Vigal

Presidential Message

We had a good visitation meeting with Chapter 157 in Salem. Our chapter had nine attending plus 2 spouses. A few of us went to the Salem collectors Flea Market prior to the meeting. On May 13th the Market will feature clocks to watches.

I am calling a board of directors meeting a half hour before our March 18th mart. One item of business is to decide and act on NAWCC annual appeal for gifts.

NAWCC has asked me to promote the 2007 Crafts contest. The judging for the event is June 6-9 at National in Chattanooga. Deadline for entries is May 7th. All NAWCC members are eligible to submit an entry.

For our March meeting, please bring an item for show and tell Extravaganza!

Harold Baesler

Service Projects ?!

Do you have an idea for a service project for Chapter 31 to participate in.

If you contact one of the council officers, or directors listed on page 4.
